Subject: Re: M6H1 – Harvey Response: - coordination with Charlie Branch and Getting SitReps
Date: Thursday, September 7, 2017 10:59:14 AM

Coordinate field operations through OPS (Brescia) and with your TCEQ counterpart who should also be coordinating through UC

I did not get a Sit Rep from yesterday.

I also need to know who to coordinate with in Charlie Branch for our water ops. Preferably include a primary POC for TCEQ as well. I reached out to the Director of the TCEQ Region 10 office and she was going to try finding a contact as well.

I have plenty of staff ready to send into that region once we can coordinate with them on systems to assess.

Thanks
